

ECPA
Montpellier 2019

15/06/2018

Dear Fellow Precision Agriculturist,

ABSTRACT SUBMISSION OPEN

With a year to go to the conference, we are pleased to announce that the abstract submission for ECPA '19 is now open. We invite you to submit your abstracts through the [conference website](#). Submissions for abstracts for the conference proceedings will close on the 1st October, 2018. All abstracts will be assessed and a decision communicated to the submitting author by the 15th October. For accepted abstracts, submission of the full paper is required by the 30th November. The closing date for the poster abstracts will be advised later.

ABSTRACT SUBMISSION GUIDELINES:

- Abstracts must briefly describe the work to be discussed in the paper and provide a concise summary of the findings. It is expected to be 500 words minimum and 600 words maximum with no references and no figures.
- Abstracts must be submitted using the online submission link.
- All abstracts must be submitted in English.
- The names and affiliations of ALL authors should be included in the abstract, i.e. department, institution, city, country

Please visit the following webpage for full guidelines and abstract submission:
<http://ecpa2019.agrotic.org/abstract-submission/>

As noted in our first newsletter, the conference encourages papers and posters on all aspects of precision agriculture related to any cropping system, from soil and crop sensing, to data management, information systems and spatial decision support systems. Abstracts related to educational activities and outcomes in precision agriculture are also strongly encouraged.

We are looking forward to seeing you in Montpellier.

The organizing committee
