12th European Conference on Precision Agriculture
8-11 July 2019
The French organisers are pleased to welcome the ECPA conference to France and to Montpellier. The conference will continue with the successful format of previous conferences of building in strong industry sessions and participation. More than 300 participants are expected. Taking advantage of the location of Montpellier on the Mediterranean coast, this 2019 edition will be an opportunity to focus on precision farming applied to small Mediterranean farms. Of course, oral and poster presentations will be welcomed from authors on any precision agriculture topic, though particularly welcome on the list of topics shown in the «Programme» section on the website.

Registration for ECPA 2019 is not yet open.
If you have any queries, please email: ecpa2019@agrotic.org

Outdoor of main hall Philippe Lamour
FIELD TRIP

The field Trip will take place on a Mediterranean domain, the Domaine du Chapitre of Montpellier SupAgro. All delegates will attend as well as wine professionals. This day will aim to present the current applications of precision agriculture. The site is exemplary since it hosts the Mas Numérique, a project aimed at bringing together within the same farm several complementary solutions of digital agriculture. The day includes field visits with demonstrations of services precision agriculture applied to viticulture, olive production and cereals. The field trip will take place on Wednesday, the 10th of July.
